Dr Jamela Al-Raiby
WHO Representative to Jordan

“
Being in the field is instrumental to augment the support provided by WHO to countries as it provides the opportunity to interact closely with health care workers and engage with the local communities.
 ”

#HealthForAll_ByAll

Towards strengthening collaboration with health stakeholders at the governorate level, WHO representative to Jordan, Dr Jamela AlRaiby and team visited Aqaba, Ma'an and Tafileh, as part of the efforts to **implement the objectives of WHO Country Cooperation Strategy 2021-2025.**

Field visits by WCO provided an opportunity to have a reality check, building of real-time evidence and generate recommendations to enhance the support in improving health care provision to reach even the hard-to-reach population.

**World Patient Safety Day
“Medication without harm”**

In collaboration with national partners, WCO organized an event hosted by JUH to mark WPSD 2022. During the event, stakeholders emphasized their commitment to promote patient safety with focus on *medication without harm, acknowledging at the same time the role of the patient and community in safe care.* All partners were in agreement that they have a role in ensuring medication without harm calling for everyone to know, check and ask to mitigate errors and promote safe practices.

GET TO KNOW OUR STAFF

I have found WHO's presence in the field to have been particularly rewarding, continuously providing opportunities to assess the situation on the ground, meet the dedicated health workforce and validating WHO global and regional approaches.

Dr Chinara Aidyalieva
Public Health Coordinator

My objective is to support WHO staff members to achieve the organization's goals and vision, by utilizing my experience in the pharmaceuticals sector, supply chain, and public health, in integration with the WHO values charter.

Dr Anwar Al-Sadder
Pharmaceuticals Officer

Strongly believing in teamwork, the rich experience I have in the public health sector has been further enhanced by WHO with unique skills and behavior which is strong enough to contribute to WCO team success. I speak as "One WHO".

Ms Reine Omari
Program Assistant
