

**Table 2 Use of pesticides at home and on the farm by participating families by method of intervention**

Variable	Lecture group (n = 165)		Videotape group (n = 132)		Both groups (n = 297)	
	No.	%	No.	%	No.	%
<i>Frequency of pesticides use at home</i>						
Frequent (4–7 days/week)	130	78.8	109	82.6	239	80.5
Infrequent (1–3 days/week)	35	21.2	23	17.4	58	19.5
<i>Pesticides used at home</i>						
Flying insect killers						
Mats	165	100.0	116	87.9	281	94.6
Aerosols	94	57.0	71	53.8	165	55.5
Crawling insect killers powder	50	30.3	32	24.2	82	27.5
Rodenticides (for rats)	36	21.8	20	15.2	56	19.0
Head lice killers	47	28.5	29	22.0	76	25.5
<i>Pesticides used at farm</i>						
Organophosphate	92	55.8	83	62.9	175	59.0
Carbamates	78	47.3	42	31.8	120	40.5
Pyrethroids	55	33.3	30	23.0	85	28.5

n = total number of participants.
