

Table 4 Distribution of sex workers in relation to their experience with male condom during sex with clients

Variable	No.	%
<i>Ever heard about male condom (n = 431)</i>	313	72.6
<i>Use of condoms with clients</i>		
Used a condom in the past month (n = 313)	102	32.6
Used a condom with last client (n = 313)	70	22.4
<i>Person recommending male condom use (n = 70)</i>		
Sex worker	36	51.5
Client	26	37.1
Both	8	11.4
<i>Reasons for not using male condom (n = 243)^a</i>		
Unavailable	11	4.5
It is expensive	2	0.8
Client refusal	50	20.5
Don't like it	47	19.3
Using other contraceptive methods	33	13.5
Not necessary to use it	11	4.5
Never thought of it	99	40.6
Don't know	13	5.3
Other reasons	31	12.7
<i>Frequency of male condom use in the last month with clients (n = 311)</i>		
Every time	24	7.7
Almost all the time	28	9.0
Sometimes	50	16.1
Never	209	67.2

^aNot mutually exclusive.
