WHO appreciates the contribution of donors (DFID, BMGF, DFATD Canada, JICA, UNOCHA, South Korea, Czech Republic and Germany) to support Government of Pakistan towards COVID-19 through WHO Pakistan.

WHO REPRESENTATIVE

Dr Palitha Mahipala graduated from University of Peradeniya, obtained post-graduate special medicine from the Post Graduate University of Colombo in 1995. He has his Doctor of Medicine in Medicine, Masters of Business Administration, and College of Medical Administration.

Dr Mahipala started his career at the divisional level in Sri Lanka in 1988, Medical Officer in 1992 and then Director of Health Services from 1995. He worked at the level of Director Tertiary Care Services, Director General Health Services, Additional Director General Health Services, and Director General Health Services at the National level and joined WHO as Coordinator of the National Health and Environmental Health in December 2019.

Dr Palitha Mahipala, WHO country representative Pakistan, addressing the participants.

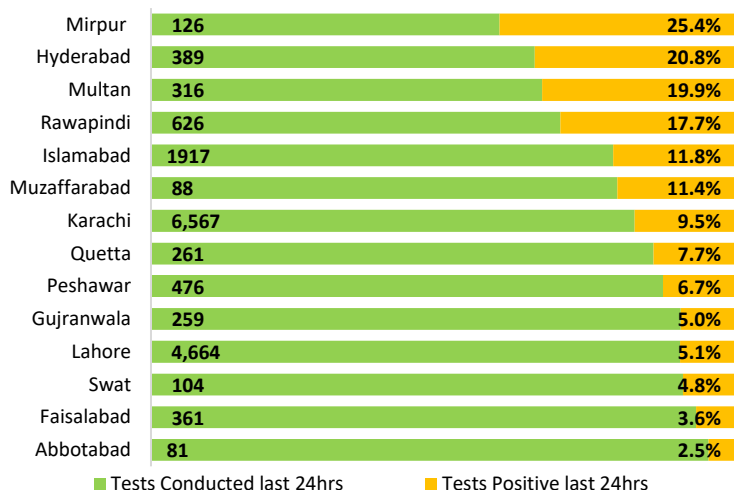

MEETINGS & COORDINATION

Yesterday, 16th November 2020, World Health Organization Pakistan in collaboration with the Women's Parliamentary Caucus (WPC) conducted a breast cancer awareness session in Lahore. This event is part of a nationwide advocacy campaign to promote early detection of breast cancer.

While speaking at the occasion, the WHO Country Representative in Pakistan, Dr Palitha Mahipala, stated that "breast cancer is the second leading cause of death among women in Pakistan. It is therefore important that women learn to conduct self-examination and seek early medical assistance to improve the outcome of this disease". WHO strongly recommends that women learn self-diagnosis in order to detect early signs of breast cancer. The WR further affirmed that WHO is fully committed to supporting the Ministry of National Health Services Regulation and Coordination in Pakistan to prevent breast cancer.
