

**Operational Research in Tropical and Other Communicable Diseases Programme
(TDR/EMRO)
Small Grants Scheme (SGS)**

Eleventh Selection Committee Meeting

Cairo, Egypt 12-14 May 2003

List of accepted proposals:

No.	Project Title	Country	Disease
1.	Xenomonitoring of the National Program for Elimination of Lymphatic Filariasis in an endemic village in the Nile Delta of Egypt	EGY	FIL
2.	Evaluation of the application of molecular markers in the in vivo test to assess the therapeutic efficacy of chloroquine against uncomplicated <i>falciparum malaria</i> in Yemen.	YEM	MAL
3.	The association between the distance and attending of TB suspects to a TB centre	SOM	TB
4.	Comparison of combination of imiquimod and Glucantime with Glucantime alone in treatment of acute anthroponotic cutaneous leishmaniasis.	IRA	LEISH
5.	Knowledge, attitudes and practices of temporary married women about HIV/AIDS and its transmissible and prevention routes, Iran, Shiraz 2003-2004.	IRA	HIV/AIDS
6.	Genital Infection by Chlamydia trachomatis and <i>Neisseria gonorrhoea</i> in Babol: Prevalence and Risk Markers	IRA	STD
7.	Evaluation of deworming effect of yearly mass drug administration with combination of Albendazole with Ivermectin in Wadi Zabid areas (Republic of Yemen).	YEM	FIL/STH
8.	Evaluation of the sensitivity of the diagnostic techniques to detect Human African Trypanosomiasis in Baher El Jabel State, Southern Sudan	SUD	HAT
9.	Seroprevalence and molecular diagnosis study for Rift valley fever virus (RVFV) in Sudan.	SUD	RVF
10.	Identification of appropriate drug for treating <i>P. falciparum</i> gametocyte carriers during the dry season in an area of seasonal transmission	SUD	MAL
11.	The effect of triangular clinics (STI, HIV/AIDS, Drug Abuse) in Rajaei Shahr prison	IRA	HIV/STD
12.	Improving the participation of private sector physicians Khartoum state, in the national disease reporting system.	SUD	INT
13.	Causes of Low TT Coverage of pregnant women in district Lahore, Pakistan	PAK	TET
14.	Role of the School teachers in Detection of Malaria among School children, Study in East Nile Province 2002 . 2003.	SUD	MAL
15.	Developing and field testing IEC materials to reduce risk of HIV/AIDS infection from poor injection practices in Sindh province, Pakistan	PAK	HIV/AIDS
16.	Developing model for public private mix	PAK	TB

World Health Organization
Regional Office for the Eastern Mediterranean

No.	Project Title	Country	Disease
17.	Burden of <i>Haemophilus influenzae</i> type <i>b</i> disease in Pakistani children	PAK	HIB
18.	Strengthening of passive case detection (PCD) and withdrawing the active case detection (ACD): Whether this strategy contributes to scale up malaria control and prevention?	PAK	MAL
19.	Age-appropriate EPI (expanded program of immunization) coverage of children under 2 years and married women of child-bearing age in Gadap Town, Karachi, Pakistan.	PAK	VPI
20.	Assessment of factors affecting case finding of tuberculosis patients and compliance with treatment . Development of a Health Education Model	PAK	TB
21.	Condom needs assessment among male Egyptians.	EGY	HIV/STD
22.	Association between type of training of private medical practitioners (on NTP Guidelines) and notification of TB patients.	PAK	TB
23.	In vitro susceptibility of <i>Plasmodium falciparum</i> isolates to: Chloroquine, Amodiaquine, Mefloquine, Quinine, Artemether and Halofantrine, in Northern Sudan Regions.	SUD	MAL
24.	Does the training on NTP Guidelines improve the notification of TB patients by Private Medical Practitioners?	YEM	TB
25.	Improving the notification of TB patients by the private medical practitioners with the ultimate goal of improvement of case detection rate.	EGY	TB
26.	Further Studies on the latex agglutination test for the detection of urinary antigens in visceral leishmaniasis in the Sudan	SUD	LEISH
27.	To study the role of community involvement in enhancing case detection and treatment success rates of DOTS patients in Pakistan.	PAK	TB
28.	Towards eradication of Guinea Worm Disease among high risk groups in Upper Nile Zone, Southern Sudan.	SUD	GWD
29.	An evaluation of a molecular kit in comparison to routine susceptibility test for early detection and monitoring insecticide resistance in Iranian malaria vectors.	IRA	MAL
30.	Risky behaviors and needs assessment for prevention of HIV infection among drug addicts.	EGY	HIV/AIDS
31.	The association between attendance and distance to tuberculosis centers among tuberculosis suspected cases in Balka Governorate and Southern Jordan	JOR	TB
32.	Evaluation of the impact of HIV prevention interventions, carried out by NAP, on the behavior of the general population	LEB	HIV/AIDS
33.	Tuberculosis and private sector in Afghanistan: A quantitative and qualitative assessment.	AFG	TB
